## IMPERIAL

I am delighted to welcome you to the world of Imperial Bathrooms.

We are a family owned business of longstanding manufacturing in the heart of the Potteries. We take tremendous pride in our traditional methods and values incorporating timeless designs, handcraftsmanship and high quality materials that have endured for over two centuries in the British ceramic industry.

Our Bathroom Collections have been created without compromise to satisfy the needs of the most discerning clients throughout the world, combining exceptional design with technical performance.

The latest edition of our Design Guide is the embodiment of the pride, skills and passion that defines Imperial Bathrooms, and I believe that the ownership of an Imperial bathroom will provide you, our customer, with a similar sense of pride and satisfaction for many years to come.

Designed and handcrafted in the heart of England.

## IMPERIAL

The collections in this guide are dedicated to those who truly recognise quality and individuality when they see it. The kind of hand-crafted perfection that no mere machine alone can truly replicate.

Take a close look at the finish of any piece of Imperial ceramic ware and you will discover a flawlessly smooth surface beneath layer after layer of Imperial's brilliant glaze. Notice how our bathroom furniture is made the traditional way with jointed solid wood and genuine wood veneers. Feel the reassuring strength and weight of our brassware, because beneath its Chrome, Antique Gold or Polished Nickel finish it really is manufactured from cast brass to last a lifetime, or more.

These are just a few examples of the way Imperial is showcasing the very finest British traditions of quality around the world. And as for the way our bathrooms look, we are delighted to say that they speak for themselves.

Enjoy our collections for the first time.

# CAST IRON BATHS

The iconic Victorian bath provides a charming centrepiece for a bathroom and the look is not limited to period-style homes. A cast iron bath can also provide an exciting twist in a contemporary setting. Each of our cast iron baths comes in grey primer because, historically, the exterior of the bath would be painted to match the owner's chosen décor. We see no reason to depart from that tradition.
